

St Feichin'S Abbey, Loughrea, Co. Galway

MISSION STATEMENT

In an environment where children are, and feel, secure, we aim to foster their intellectual development by awakening enthusiasm, nourishing it with carefully planned instruction and, with judicious guidance, leading them to the attainment of such optimum achievements as their abilities allow.

We aim to equip each pupil with a well-rounded training, following the guidelines of a comprehensive primary curriculum, which will stand him/her in good stead in continuing studies and whatever further course in life each one chooses to follow.

We trust that, striving to create such an environment in this school, our pupils will experience, during their days under our care, all that is good in a happy childhood. Our school hopes that the achievements of our pupils will enhance their self-esteem and furnish their parents, teachers and community with the reward of satisfaction gained from participation in their education at St. Feichin's N.S., Abbey.
